# custom built services

Established in Dublin in 1989, Custom House Administration & Corporate Services Ltd (Custom House) provides a full hedge fund administration service. They also help clients design, organise and establish customised offshore funds. Custom House clients typically include independent money managers, small banks and institutions.

The company administers over 220 funds for more than 85 investment management clients with total assets under administration of close to US\$18 billion.

Some 50 hedge fund clients of Custom House have appointed RBSI in the Isle of Man to provide its custody and offshore banking services. The Bank also provides cash management services and access to the financial markets.

The firm has also adopted the Bank's online banking service eQ. This allows their clients to view and manage their funds online at their convenience.

**By significantly improving its service in this way, Custom House is able to improve client satisfaction and is well-placed to grow its business.**

- Custom House provides offshore hedge fund administration services
- RBSI has been appointed as bankers or custodian to around 50 funds administered by Custom House
- eQ online banking greatly improved client satisfaction
